# MARCH!

## **MARCH is here.**

Hope springs eternal! We come out of the dreary cold and wet January and February looking forward to some sunshine, blooms of flowers, spring weather. It's an exciting time of the year. Daylight savings time ends, the first day of spring is in the mix, St. Paddy's Day Celebrations and Easter is near! Hope springs eternal! Yes it does! It's time to think about getting back to our POTA, SOTA and I understand now SWAMPS OTA!!! I know they have been doing some Caves OTA, some Volcanoes OTA.

### MFJ-9219

This is a great accessory to take with you on the field. No need for three separate boxes on your QRP ham radio adventure. This is your antenna tuner, your SWR/Wattmeter and your built-in dry dummy load.

Tiny 5Wx4Hx3D inches easily fits in your backpack along with your QRP rig and accessories. And still you will have room for some snacks and sodas!

**1.5 inch SWR/Wattmeter.** Antenna Tuner handles 25 Watts. BNC Connectors.

### MFJ-1898

This is the #1 POTA/SOTA, whatever you want to call it O-T-A antenna in the world! Grab yours now and set off on your great ham radio adventure! 60-6 Meters. 125W. Just 21.75 inches. Fully telescoped it stretches to a whopping 103"
